“To be the **FIRST CHOICE** in automotive electrical and electronics related parts and Interconnect Solutions for demanding and advanced applications”

Our Core Values:

Mission, Vision and Values

To enable a safer, greener and more connected future of mobility

Mission: “CKT’s success emanates from a strong, sustainable business and a portfolio of safe, green and connected solutions that are transforming the future of connectivity and making the world a better place.”

Vision: “To become the world's leading provider of premium products and premium services.”

Transparency	Reliability	Integrity
We shall be open and correct in our information flow, both internally and externally	We keep our promises and our products will meet customers expectations, not only the specifications	We have implemented a CSR policy, we operate within a high level of ethics and integrity

The company registered in 2021 with GST, IEC & FF International account, sharing office of 100 sq. ft.

2021
14L

The Company reached 37L revenue with the two new customers (component supply). With separate office of 100 sq. ft.

2022
37L

The Company got a order in wire harness manufacturing from customers-TACO T1. The revenue is 93L with mfg. 200 sq. ft.

2023
93L

The Company started with two automotive customers in wire harness mfg. The revenue is 98L with 400 sq.ft. mfg. facility.

2024
98L

The company has started new mfg. facility of 2000sqft supplying to EV & solar control panel wire harness. The revenue target is 150L

2025
150L

History and Milestone

DOING THE RIGHT THING. THE RIGHT WAY. **ALWAYS.**

Wire Harness Manufacturing Facility:

1) Facility: Our new state-of-the-art wire harnesses manufacturing facility spans 2000 square feet located at Vadgaon Maval, Pune.

2) Features: Advanced machinery and equipment.

- a) **Multicore Cutting & Stripping Machine** (70mm²)
- b) **Multicore Cutting & Stripping Machine** (Inner-Outer stripping of cable. (10mm²)
- c) **Wire Cutting-Stripping-Twisting Machine.** (6mm²)
- d) **Crimping Machine** (2 Ton): 4nos.
- e) **Push-Pull Load Testing Machine.**
- f) **Air Compressor** (250 Liter)

3) Increase capacity: By adding cutting edge technology machinery we have increase our production capacity by 400%.

4) Quality & Safety: This facility enhanced quality controls and safety.

This significant investment supports our growth strategy and enables us to better serve our customers.

“**CKT** value proposition goes beyond sourcing and procurement. **CKT** is a strategic partner with the flexibility, global presence, and established customer base to support projects of any size or scope.”

Our Promise

Provide end-to-end solutions in the wire harness application.

- Flexibility on all orders;
- Optimizing Supply Chain Management - Deliver the required materials at the right place and on time in a right quantity and quality with minimal efforts;
- Saving costs and optimizing profits;
- Quality control of all products;
- Full control over Sub-Contractor operations related to our clients.

- ✓ Sourcing and supply (components distributor)
- ✓ Proto development and engineering support.
- ✓ Manufacturing of wire harnesses.
- ✓ Industrial automations, Jigs and Fixtures

Manufacturing:

- ✓ Defence wire harnesses
- ✓ Automotive pigtail wiring harness
- ✓ Electronic PCB wire harness
- ✓ Panel wiring harness
- ✓ Assembly of electro-mechanical components

What We Do

From concept to implementation of a resilient, future-ready and sustainable solutions.

We can support you in supply and services of **Wire Harnesses & related standard & custom made parts**, especially made by your own design.

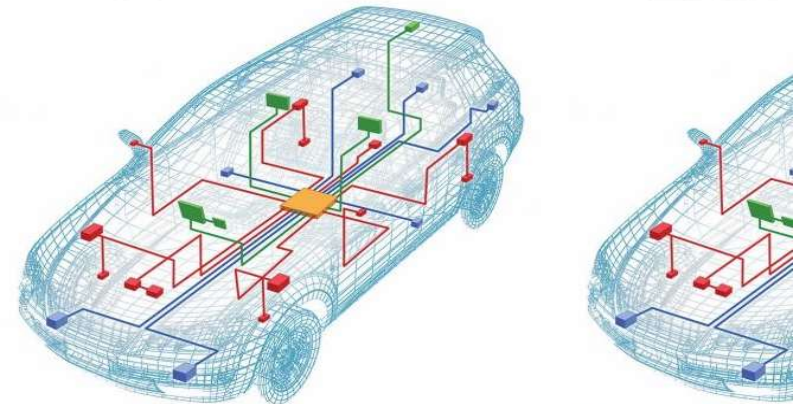

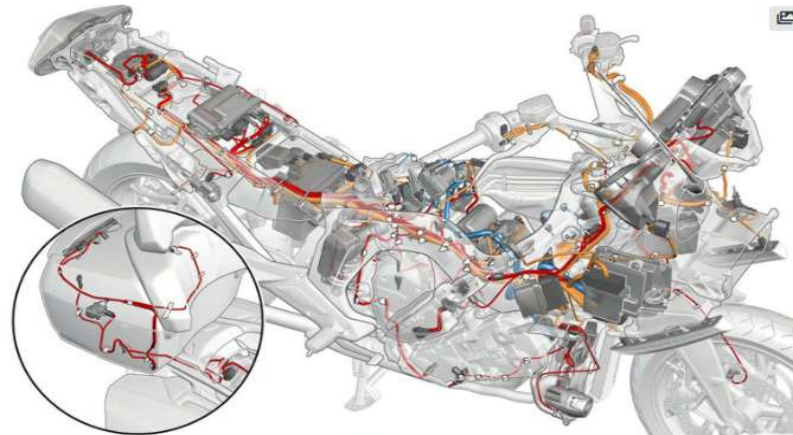

Regular 70/90/110/250 Series
Sealed/Unsealed Male/Female all
types connector

Relay Base - MICRO/MINI -5/4 Pin
Fuse base - Blasé Fuse

ECU /BCM connectors of Bosch,
TE, Delphi.

JPT Connectors
All aggregate connectors

Overview

Solar and Control Panel

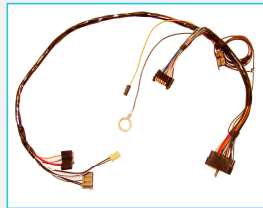

Home appliances

EV and IC Engine Automobile Wire Harnesses

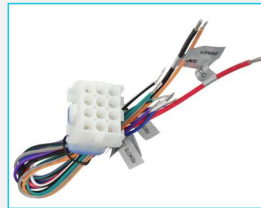

- We are **manufacturer of pigtail wire harnesses** for the applications of **Automobile, Home appliances, Solar and Control panels** with customize made product, especially made by your own design.

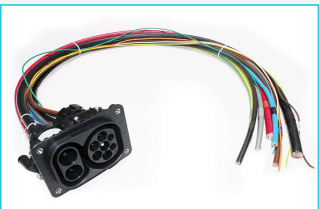

EV LV-HV and Battery Wire Harness

Cluster Wire Harness

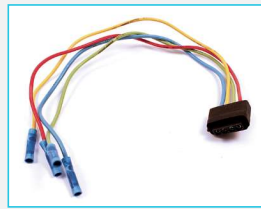

HL Wire Harness

EV Charger Inlet Socket Wire Harness

Lighting Wire Harness

Switch Wire Harness

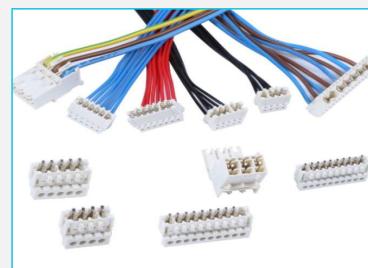

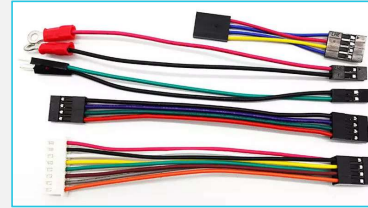

EV Charger Gun Wire Harness

HVAC Wire Harness

Turn Ind. Wire Harness

Quality & Certification

CUSTOMER-CENTRICITY connected solutions

“Our quality control measures include rigorous inspection processes, regular crimp load testing procedures, and frequent quality checks. We are proud to hold **ISO 9001:2015 certification** demonstrating our commitment to quality excellence and regulatory compliance.”
